Technical Skills

Proficient: Node • JavaScript • React • Redux • Git Workflow • Express • PostgreSQL • Sequelize • HTML • CSS • React Native • Vue.js • Webpack • Jasmine • Chai Mocha • Bootstrap

Technical Projects

Game Shopper: e-commerce (React, Redux, Express, Node, PostgreSQL, Sequelize)

- ◆ Full-stack e-commerce React application which allows users to shop, maintain a persistent cart, and check out their orders, powered by a Node.js REST API.
- ◆ Created RESTful API, leveraged React/Redux to build a web application for a seamless e-commerce experience, and styled with CSS.
- ◆ Took on the roles of Taskmaster and Gitmaster, and the project was managed with *Kanban*

Weather Buddy: Hackathon (Vue.js, Firebase, SCSS)

- ◆ Weather website calling on Open Weather Map API for current weather and forecast.
- ◆ Utilized Firebase to manage and save different cities on the homepage

Planr: Itinerary mapping and planning app (React, Redux, Express, Node, PostgreSQL, Sequelize, Tailwind, Material-UI, Google Map/Places API, TravelAdvisor API)

- ◆ App that lets you plan your trip itinerary and map it using Google Places. The app lets you organize by day and search restaurants, hotels and other points of interest. You can coordinate with friends and share itineraries.
- ◆ Incorporated Travel Adviser API along with Google Places to attain entertainment info and plan the itinerary on a map.
- ◆ Incorporated Material-UI along with Tailwind for an enhanced user-experience
- ◆ Deployed project on Heroku

Experience

Chicago Public Schools, Chicago, IL

2016 - Present

Community Relations Rep II

- ◆ Expanded community participation in events, building relationships with local government and business leaders. With their support, initiated “Student of the Month”, “Hispanic Heritage Assembly” and “State Scholars Presentation” programs.
- ◆ Interact with students and educators at schools, listening to and addressing concerns, and providing information on positive programs and events.

Education

Fullstack Academy, New York, NY

17-Week Full Stack Immersive, Software Engineering Certificate

2022

Saint Louis University-Madrid, Madrid, Spain

Study Abroad Semester

2015-2015

University of Illinois at Chicago, Chicago, IL

Bachelor's Degree, Major in Communication

2009 - 2014

Languages

English • Spanish • Korean
